

Safepoint Insurance Company

NAIC: 15341

12640 Telecom Drive

Temple Terrace, FL 33637

www.safepointins.com

Safepoint is based in Tampa, FL and is a licensed insurance company in Florida, Louisiana and Texas. The company specializes in residential property and commercial lines insurance products. Safepoint utilizes independent insurance agents to sell their products. With over \$49 Million in policyholder surplus and local presence, Safepoint has the resources to protect your most important assets. The company's Management Team is comprised of experienced professionals with over 75 years in the insurance industry - nearly half spent in the state of Florida. Safepoint's mission is to offer superior customer service, competitive coverages, expedited claim service and to give policyholders peace of mind. Their policy issuance system is a state of the art and the company offers market-based coverage options and competitive prices.

Your Peace of Mind Starts Here

- Knowledgeable and friendly staff of insurance professionals
- Variety of payment options including secure on-line payments
- 24/7 Toll Free claim services
- 24 hour policy information via on-line policy system for both customers and agents

• Electronic delivery of policy documents to eliminate paper cloud based system that provides efficient yet secure access to customer records.

Demotech, Inc.

About Demotech, Inc.

Demotech, Inc. is a Columbus, Ohio based financial analysis firm providing a wide range of services including Financial Stability Ratings® (FSRs), pricing analysis, state filings assistance and support for other required regulatory reporting. Having worked with insurers of all sizes, Demotech possesses broad experience addressing actuarial and financial analysis issues, whether the issue is unique to a particular insurer or prevalent throughout the industry.

Proactively Responding to Market Needs

Since our beginning in 1985, Demotech has proactively responded to the market with our clients in mind. Starting in 1989, Demotech gained acceptance from the secondary mortgage marketplace, including the Federal National Mortgage Association (Fannie Mae) and later the Federal Home Loan Mortgage Corporation (Freddie Mac) and the United States Department of Housing and Urban Development (HUD), for Financial Stability Ratings® to facilitate activities for financially stable clients.

In 2005, Demotech was approved to provide Financial Stability Ratings® for regional insurance companies, captive insurance entities, risk retention groups and risk sharing entities providing professional liability insurance under HUD Notice H04-15, Professional Liability Insurance for Section 232 and 223(f) Programs.

Offering an Individualized Approach to Industry Challenges

Demotech understands the industry is fluid and that every company has unique challenges and objectives. We offer an individualized approach, learning an organization's needs and goals to offer a customized solution.

Working within the Property and Casualty (P&C) insurance sector, Demotech provides a variety of solutions, including Financial Stability Ratings®, actuarial consulting, market analysis and loss and loss adjustment expense reserve analysis. Each of our services has continually adapted to address our clients' challenges.

Solutions as Unique as Your Company

Demotech continues to assess the market with our clients' interests in mind. Since 1985, clients have looked to Demotech to provide information, analysis and proactive solutions. We continue to evolve along with the industry through the development of innovative solutions, driven by our commitment to our clients.

SERIOUS ABOUT SOLVENCY®

Financial Stability Ratings® (FSRs)

Description of the Analysis Process

The methodology utilized by Demotech, Inc. is proprietary. However, it relies on the underlying records and summaries prepared by responsible officers or employees of the P&C insurer and/or its parent company as reported in the financial statements of the insurer.

The Financial Stability Analysis Model involves a tactile review as well as computation and analysis of financial ratios to determine the current and future financial stability of the P&C insurer.

Tactile Review

The tactile review includes the study and summarization of materials provided to us. Set forth below is an example of some of the items that Demotech, Inc. typically receives:

1. Annual and quarterly statements of the insurer, its parent company and subsidiaries
2. Statement of actuarial opinion, managements' discussion and analysis audit
3. Changes in working capital
4. Change in the restricted cash and receivables from affiliates
5. Comparison of actual versus budget operating results
6. Summary of current reinsurance program.

Financial Ratio Calculation

A major item to determine the financial stability of a P&C insurer is the calculation of financial stability ratios measured against our financial stability test. These ratios and tests have been sampled on an industry wide basis and have been substantiated by other firms as well as Demotech, Inc.

A series of solvent and insolvent P&C insurers was subjected to our battery of ratios and tests in order to determine the predictability and reliability of our financial analysis model. The Financial Stability Analysis Model would have flagged P&C insurers that became insolvent at least one year in advance of formal regulatory action.

The basic information to develop our ratios is readily available from GAAP or statutory statements. Our strategic weighting of ratios to arrive at a final score is based on regression analysis and multi-variate analysis. The formula is proprietary and for that reason cannot be released. Those Balance Sheet and Income Statement items reviewed include but are not limited to:

- | | |
|---------------------------|------------------------------|
| * Total current assets | * Total assets |
| * Working capital | * Total current liabilities |
| * Total liabilities | * Surplus |
| * Administrative expenses | * Total revenues |
| * Net income | * Receivables |
| * Total expenses | * Amount of business written |

The concept of financial stability is, in our opinion, independent of size. Accordingly, small, well-managed P&C insurers can have more financial stability than larger, highly leveraged insurers.
